**Q:** How did you choose your colors?

I have always been known for my love of color. I have especially always loved hot colors. I wanted bright spring colors almost like a sunset. We went with fuchsia, coral, bright oranges, and eggplant.

**Q:** What was your favorite wedding moment?

My favorite moment was our vows. I found wording online. It was not the usual wording but explained perfectly how we felt. I had to take a moment because I was becoming teary. I even saw that his eyes were glassy!! This is a man who never cries.

**Q:** What was the most important thing to you about your wedding?

The most important part to us was the feeling of the wedding. I wanted it to be uniquely us but also to have a laid back feeling. I wanted it to be a fun celebration.

**Q:** What was your favorite part about planning your wedding?

Since I was in my final year of medical school 7 hours from Memphis and applying to residency, my favorite part of the process was my wedding planner, Angela Dacus. She made the process easy and fun. She took my dreams and creatively brought them to life.

**Q:** Did you do any DIY projects?

The favors were Baci (which means kiss in Italian) chocolate candies. My bridesmaids and I wrapped the boxes in hot pink paper then a sheath of handmade Indian paper and finished it with an eggplant colored ribbon.

**Q:** What are you most looking forward to when you become Mr. & Mrs.?

Since the last 4 years of our relationship was spent long distance (only seeing each other about every six weeks), I was looking forward to spending time together.
